

Free Trial License Setup for VBUC Use:

<https://www.mobilize.net/vbtonet/vbuc-installation-guide/activation-process/>

License Setup for VBUC Use:

1. After installing VBUC, open the VBUC tool.
2. If you haven't received your license file, click the "Download License" button. Skip the next step if you already have it.
3. Enter the email you used to register your license.
4. Download the license file you received via email.
5. Click the "Select License" button.
6. Open the .lic file that you received.
7. The license is now installed, and the VBUC tool is ready for use.

VBUC Installation for First-Time Users:

1. Download the VBUC installer.
2. Run the installer as an admin (VBUC_setup_(Version).exe).
3. Follow the installation steps: Welcome page - click "Next."
4. Accept the terms in the license agreement - click "Next."
5. Choose the location on your computer to install VBUC (recommended: C:\ as default) - click "Next."
6. Click "Install" and then "Finish."
7. Done! VBUC is now ready to use.

Updating VBUC Installation for Existing Users:

1. Go to "Add or Remove Programs."
2. Search for **Growth Acceleration Partners, LLC Visual Basic Upgrade Companion**.
3. Uninstall the current version.
4. Follow the installation steps as outlined for first-time users.
 - a. Download the VBUC installer.
 - b. Run the installer as an admin (VBUC_setup_(Version).exe).
 - c. Follow the installation steps: Welcome page - click "Next."
 - d. Accept the terms in the license agreement - click "Next."
 - e. Choose the location on your computer to install VBUC (recommended: C:\ as default) - click "Next."
 - f. Click "Install" and then "Finish."
 - g. Done! VBUC is now ready to use.
